

# Flower Petal Puzzle

Materials:

1 colored piece of paper, Pencil,  
Scissors, Basket or Bowl

With a pencil, draw several flowers without stems on a piece of paper measuring at least 3 inches in diameter.

With a pair of scissors, cut the flowers out.

With a pencil, draw a squiggle line through the middle of each flower.

With a pair of scissors, cut the squiggle lines

Mix up all pieces in a basket or a bowl

Lay one piece of each flower on the work mat, then find the missing piece.

Repeat the process until all the flowers have been made.

When the work is finished, mix up the pieces and return to the basket or bowl.

EXTENSIONS:

Do this work with different shapes.

Add 2 squiggly lines for 3 pieces per shape

3 squiggly lines for 4 pieces per shape etc...
